	No. 343, dated the 6th May 1853 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Lahore Division.	Ditto	With reference to Commissioner's letter No. 1, dated the 12th March last, forwards copy of the above, for his information.	
142	No. 351, dated the 30th April 1853 From—The Commissioner of the Peshawar Division. To—The Secretary to the Chief Commissioner, Punjab.	Truculence of the Miranzais. Punitive expedition suggested.	Forwards copy of correspondence with the Deputy Commissioner of Kohat, showing that the Miranzai people are resolutely disaffected against British rule, that they neither pay their revenue nor render their submission, but, on the contrary, set the Government at open and decided defiance. States that the authority of Government must be upheld in Miranzai and for this purpose there seems no alternative but to move a force into the valley to levy fines from the villages that have aided the late inroads and punish severely any villages that offer opposition, and then come to an understanding with the leading men to guard against future inroads.	Nos. 28—34.
	No. 346, dated the 6th May 1853 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Peshawar Division.	Ditto	In reply, states that the description given by Captain Coke of the state of things in Miranzai is extremely unsatisfactory, and not easily accounted for, except on the supposition that we were misled as to the feeling of the people in the first instance. Holding the valley as British territory, we must maintain our authority there, but the Chief Commissioner does not consider the occasion so pressing as to demand a movement of troops at this season.	
	No 257—347, dated the 6th May 1853. From—The Secretary to the Chief Commissioner, Punjab. To—The Secretary to the Government of India.	Ditto	Submits a copy of the above correspondence for the information of the Governor-General in Council and states that the temper of the Miranzai people may have evinced itself more plainly of late, but there seems to be little reason to believe that they were ever well disposed to our rule. While the authority of Government must be upheld and the people brought to submission, there seems to be no such pressing exigency as to demand an immediate movement.

It is clearly not advisable to make the movement without a considerable force, which is not available without marching troops from Rawalpindi; and, moreover, he thinks it would be better to have all the Waziris present and to move with a force sufficient to dispose of them than to go now while they are absent.

With reference to Chief Commissioner's letter No. 387, dated the 10th instant, to the address of the Commissioner of the Peshawar Division, the Deputy Commissioner of Kohat states that, if the object of sending a force into the Miranzie valley be merely to punish the refractory villages, there is no time better than the present month, as the whole of the crops are now in process of cutting and could either be consumed or destroyed, and also because one of the most powerful tribes, the Waziries, who would aid the Miranzie people, has left the country for the hills. Requests, therefore, that Commissioner will explain the state of the case to the representatives of the Arbabs, and, having recovered from them the amount of arrears, inform them that it is imperative upon them, so long as the Arbabs remain at Lahore, to pay Rs. 200 per mensem punctually on account of their maintenance. Prohibition against entry of offending tribes into the Southern Derajat.	In reply to Chief Commissioner's letter No. 440, dated the 2nd June, submits copy of a letter from the Deputy Commissioner of Dera Ghazi Khan, concurring with Major Ross that the proposal to interdict the hill tribes who have been engaged in the late depredations in the Southern Derajat from entering that tract would be attended with good results, so far as it concerns the Goorchanee, Kasurani and Boozdar tribes, and, in Commissioner's opinion, as far as it concerns the Murrees also. Suggests arrangements for carrying out the proposal, should it be approved of, and observes that the exclusion of these tribes from the plains will not affect the trade from the westward, as the hill passes frequented by kafilas are situated to the north and south of the Dera Ghazi Khan district. Explains that this measure is suggested in consequence of frequent acts of aggression and marauding on the part of these tribes and mentions the recent incursion of the Murrees in May last and their skirmish with the guard of the 3rd Punjab Cavalry employed on the protection of the grass-cutters of the corps, in which encounter five of the guard and six of the grass-cutters were killed.

Progs. for the week ending 9th July 1853— Nos. 23—6.

Ditto	In reply, observes that the letter contains nothing more than a general expression of a desire for friendly intercourse and that the deposition of the messenger cannot be relied upon, as the man has been proved to be of notoriously bad character. The Chief Commissioner does not think it would answer any useful object to open a correspondence with Abdul Ghias or his father, even if there was no reason to doubt the authenticity of the letter.

Observes that the question to be decided is whether to give the Afridis of the pass another chance or to renounce the old plan of payment and conciliation. States that he has no confidence in the faith of these tribes. A well equipped and carefully selected force should, under all circumstances, be able to effect the punishment of the Afridis without much opposition, but all reasonable measures for keeping peace with them should first be tried. Concurs with Col. Mackeson in his suggestions to exclude them from traffic in case they refuse to come in and, after due notice to this effect has been proclaimed, every Afridi seized in the villages should be punished with imprisonment.

	No. 541-595, dated 1st August 1853	Ditto Chief Commissioner opposed to any reduction of European garrison in Rechna and Bari Doabs.	In reply, states that, but for the peculiar circumtances of the frontier, he would not hesitate to concur in the arrangement of His Excellency the Commander-in-Chief but the Chief Commissioner considers that three European infantry regiments are not too large a proportion for the country comprised within the Rechna and Bari Doabs. With due consideration to the strength of native troops within this circle, to the character and number of the Sikhs who inhabit it, and to the possible demands on account of the adjacent territory of Jammu, he would prefer seeing three European regiments of infantry rather than two at Wazirabad, Sialkot and Lahore, and, under the further important considerations detailed, corps of European infantry should be retained at Sialkot and Wazirabad, their barracks at the latter place (the climate not being absolutely noxious) being repaired. Observes that he doubts if the measure would not be more economical than the proposal to keep up carriage for the four corps at Sialkot, Lahore, Ferozepore and Jullundur.

Remarks that it is one of the most important of a Commissioner's duties to see that his subordinates render returns carefully and punctually. The inevitable consequence of a Commissioner failing or being lax in this respect is that the subordinates becomes lax likewise and thus the whole system of management becomes deranged and inefficient. Begs his attention to these remarks as the Chief Commissioner deems punctuality to be essential and regrets to observe instances of the neglect of it in his Commissionership. Remarks that compliance with the proposal of the Murree Chief would no doubt secure the country about Mithankot and southward to the frontier of Sinde from the aggression of Murrees, but it would be more dignified were we to trust to our own means of repelling aggression. It would, in fact, be equivalent to purchasing the forbearance of the powerful Murree tribe by taking a body of them into service.	Nos. 34—9.

290 *concld.*	No. 667, dated 18th August 1853 .... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner, Leiah Division.	Offer made by Murree Chief to be responsible for safety of southern Derajat border.	In reply, states that Chief Commissioner does not think that the proposal of the Murree Chief is admissible. The Chief Commissioner places no confidence in his faith and honour or in that of his tribe who would be much more ready to promise than to perform. Besides, he cannot see how we could enforce the Murree Chief's responsibility if he failed in his engagements, without invading his country, which we could now do in retaliation for the tribe's misconduct. It would be derogatory to our character and dangerous as an experiment. The Chief Commissioner would, therefore, reject all such propositions.

Forwards copy of a petition presented by the heirs of Raja Raheemulla Khan, *ex*-Raja of Rajor, in Jummoo territory, requesting that, from the 1st January next, they may be allowed to draw their pension from the Bombay treasury, instead of from that at Kangra. States that as the applicants propose to reside at Mecca, there will doubtless be some difficulty in obtaining from time to time the life certificates of the several members of the family, but as they are most solicitous on the point, finding residence in Kangra very expensive and in every way distasteful, they will doubtless accommodate themselves to such rules as may be prescribed.	Nos. 40—8.

In reply to Superintending Engineer's No. 1595 of the 8th August 1853, states that it appears from a letter received from the Civil Engineer that the boats supplied to the Executive Engineer of Peshawar are quite distinct from the boats which have been made for the ferries under Government sanction. Requests that he will verify, as far as possible, the account which the murderer gives of himself. Approves of the offer of a reward, and states that Chief Commissioner will recommend to Government that it be sanctioned, but remarks that such a sum as Rs. 5,000 is sufficient to induce individuals to concoct a conspiracy and, therefore, all such statements should be most carefully sifted. 	No. 720-791, dated 27th September 1853. From—The Secretary to the Chief Commissioner, Punjab. To—The Offg. Secretary to the Government of India.	Ditto	Forwards copy of the above and states that Chief Commissioner has seen and conversed with the young chief who appears to be tolerably intelligent and well informed for his rank in life. This being the Chief Commissioner's opinion, as well as that of the Superintendent, Hill States, considers that we are bound, in accordance with the instructions of the Hon'ble Court, to make over Jubal to the chief. The Chief Commissioner, however, considers that this will be an evil to the country and retard its progress in wealth and contentment, and recommends, therefore, that, in investing the Rana with internal jurisdiction in his chiefship, he be distinctly informed that, in the event of general discontent with his management, he will lose the powers conferred on him and be reduced to his former condition, *viz.*, that of receiving his revenues through our officers. Currie. Submits a copy of the correspondence regarding the proposed expedition against the Afridis of Baree, for the consideration of the Governor-General in Council, from which it will appear that Colonel Mackeson advocated an immediate attack on Baree. States that this is now clearly impracticable, but the Chief Commissioner would not advise that the expedition be delayed for a longer period than will be necessary to organize the requisite arrangements. Remarks that Lieutenant Walker is the officer who is perhaps the best acquainted with the whole of the eastern Khuttack. He is now attached to the Great Trigonometrical Survey, but should His Lordship think fit to employ him with the expedition, there can be no difficulty, it is believed, in obtaining his services. Acknowledges receipt of Chief Commissioner's No. 657, dated 17th ultimo, calling on him to state what arrangements he would propose for Mian Bhup Singh and his brothers, of the Mandi family, and enquiring into their present circumstances. In reply, states that they are utterly destitute of any independent means and have subsisted up to the present time solely on such contributions as relatives or former dependants of their family may, from time to time, have given them, or else on sums raised by loans which they have incurred to a large amount. Recommends that the following allowances be granted to the brothers by the Mandi State. Rs. Mian Bhup Singh ... 360 Kahan Singh ... 240 Sher Singh ... 240	Nos. 15—19.
	No. 755-812, dated 6th October 1853. From—The Secretary to the Chief Commissioner, Punjab. To—The Secretary to the Government of India.	Ditto	Forwards copy of the above and previous correspondence, and solicits permission to authoritatively require the Mandi authorities to give the three brothers the following pensions :— Rs. Bhup Singh ... 500 Kahan Singh ... 360 Sher Singh ... 360 Bhup Singh has been with Chief Commissioner and has signed a paper (a translation of which is forwarded) on his own part and that of his brothers, to keep the peace and not to enter Mandi territory without permission from the British authorities. The Chief Commissioner thinks that this is all that can be required of the Mian. Remarks that these brothers are the representatives of the legitimate branch of the Mandi family and to make a formal renunciation of their rights, would be, in their eyes, ignominous and bring them into disrepute with their brotherhood among the Rajput clans. They are objects of sympathy among the hill men, and, therefore, it would be sound policy to give them an allowance to be paid from our treasury and collected from Mandi with the annual tribute.

The sum of Rs. 900 was considered as on account of the horses, and Rs. 500, as the jagirdar's personal share. The former sum he was deprived of, as by our system he was not required to maintain the horse. To better his condition, he took the contract of several villages in Kohat, but the crops failed in 1850 and Bahadur Sher Khan fell into arrears and fled to the Afridi hills, from which, after a few months, he returned, on the assurance that he would thus save his jagir of Rs. 500. Since his return, he has been in constant attendance on the Deputy Commissioner of Kohat, who reports very favourably of his conduct. He has also done his utmost to make good the balance of revenue due from him, having sold the ornaments of his women for this purpose. Under the above circumstances, the Chief Commissioner recommends that the village of Meer Ahmad Khel, being the family jagir of Bahadur Sher, be allowed, without deduction, in the following proportions :— Bahadur Sher, Rs. 900, Muhammad Khan, brother of Bahadur Sher, Rs. 100, for their respective lives. Visit of Jowahar Singh, a relation of Maharaja Kharak Singh, to Nepal.	In reply, reports that the Jowahar Singh alluded to in the preceding has been discovered. He is not a Sardar, but a man of good family and a distant kinsman of Rani Khem Kaur, Kullalwali, one of the widows of Maharaja Kharak Singh. Chief Commissioner has learnt from a reliable source that Jowahar Singh, with Bhag Singh, son of Chanda Singh, the Rani's brother, and Arur Singh, a servant, went to Calcutta, where they met Chattar Singh and Sher Singh. Jowahar Singh proceeded alone to Nepal, and had several interviews with Jang Bahadur, Rani Jhinda and Chand Singh, a Commandant in the Nepal Artillery. The object of his visit was some intrigue in which the Ranis Jhinda and Khem Kaur were parties. Encloses translation of extracts from two news-letters from Jammu from which it appears that Rani Khem Kaur and her brother, as well as Sardar Jhanda Singh, Batalia, have lately had more than one interview with Maharaja Gulab Singh of Kashmir, and that they were received with peculiar courtesy and consideration. Adds that Chief Commissioner has reason to believe that Maharaja Gulab Singh has secret correspondence with the Nepal Government, but is not aware of its nature, and that letters constantly pass between the two Governments. Should this be true, the object is not so much to create mischief as to strengthen himself against any evil day which may arise. Encloses the descriptive-roll of a religious character known by the name of Vidanti, a Bramchari Brahman, who is said to have great influence with the Maharaja and his son, Ranbhir Singh Chief Commissioner has heard that this man lately visited Nepal where he remained some time and, on his departure, left a disciple to attend that Court during his absence. 1949	No. 369, dated 23rd August 1857 From—The Deputy Commissioner of Dera Ghazi Khan. To—The Secretary to the Chief Commissioner, Punjab.	Serious raid by Marris near Asni border	Submits a report by the Assistant Commissioner, Mithankot, of a most serious raid on the Asni frontier by a strong party of the Marri tribe, in which upwards of 30 men were killed by the attacking party and cattle valued at Rs. 6,000 carried off. Deputy Commissioner adds that he will defer his full report until further particulars reach him and he has sifted charges of cowardice brought against the police and new levies.	Progs. for the week ending 29th August 1857— Nos. 17—21.
	No. 600, dated 26th August 1857 From—The Secretary to the Chief Commissioner, Punjab. To—The Deputy Commissioner of Dera Ghazi Khan,	Ditto	In reply, states that the 3rd Punjab Cavalry has been ordered down to Asni and the 4th to Dera Ghazi Khan immediately. Communicates further instructions for securing the tranquility of the border and states that the Commissioner in Sind has been addressed in the matter. The Chief Commissioner disapproves of Lieutenant W. Smylys, having called for a portion of the 6th Irregular Cavalry from Kusmur, and requests that they may be ordered back at once, the concentration of Hindustani soldiers in one district being considered, for certain reasons, a greater evil than the plunder of a border village.	
	No. 601, dated 26th August 1857. From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Leiah Division.	Ditto	Forwards copy of the preceding.	
	No. 602, dated 26th August 1857... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner in Sind.	Ditto Concentration of Hindustani troops in Punjab undesirable.	Forwards copy of a report from the Deputy Commissioner of Dera Ismail Khan, with enclosures, reporting a disastrous raid by a band of Marris against the British border villages near Asni, and requests that Commissioner will call upon the Khan of Khelat to punish these Marris for their outrage and to prevent them in future. Also, that such measures as the Commissioner's local experience and knowledge of the Marris may suggest may be taken to keep them in order. Adds that the Chief Commissioner will, on the first fitting opportunity, urge on the Supreme Government the expediency of undertaking a regular campaign against the tribe, but he is averse to any portion of the 6th Irregular Cavalry being sent towards Asni, as there are already more Hindustani soldiers in the Punjab than can be well managed. Chief Commissioner has, therefore, directed the return of the detachment applied for by Lieutenant Smylys, and requests that the regiment may be kept in Sind, even if no longer required as the further the men are from their homes and their comrades, the more likely are they to remain obedient.

Commissioner adds some information himself and recommends the dismissal and punishment for cowardice of a Police Thanedar and a Jamadar of Mounted Police. Remarks that the Leghari sowars were also useless, but less culpable, having only recently been enlisted. States that he has directed the appointment of the deceased Chief's (Bijin Khan's) son as Ressaldar, instead of Nindu Khan, the Chief's brother, who is not supposed to have shown the gallantry displayed by his late brother.	Nos. 8-9.
	No. 612, dated 2nd September 1857 From—The Secretary to the Chief Commissioner, Punjab. To—The Deputy Commissioner of Dera Ismail Khan.	Ditto Punishment of Police officers.	In reply, requests that the Thanedar of Police and Jamadar of Sowars may be at once placed under arrest and brought to trial, as dismissal alone will not be adequate punishment for such misconduct. Enquires why the Leghari sowars are not punished also by way of example. Concurs in the propriety of appointing Miran Khan as Ressaldar in room of his father, the late Chief, Bijin Khan.
